ABOUT US

WHO ARE WE

We are SIX individuals contributing together under the name "INOVATERS". We are highly motivated towards team work and contributing for the project we work upon. Apart from being teammates we are classmates too, so we share a good work-culture while working . We are here to present ourselves as a team, to step ahead contributing to best possible extent.

ABOUT NUTRITION CALCULATOR

- A nutrition calculator is a tool that helps individuals track their dietary intake, analyze nutrient consumption, and ensure they meet their nutritional goals for a balanced and healthy diet.
- Nutrition is a critical part of health and development. Better nutrition is related to improved infant, child and maternal health, stronger immune systems

WHY THIS PROJECT

Nutrition Calculator:

- Track Dietary Intake: Monitors daily food consumption.
- Analyze Nutrient Intake: Evaluates levels of essential nutrients.
- Ensure Balanced Diet: Helps meet dietary guidelines.
- Personalized Insights: Offers tailored nutritional advice.

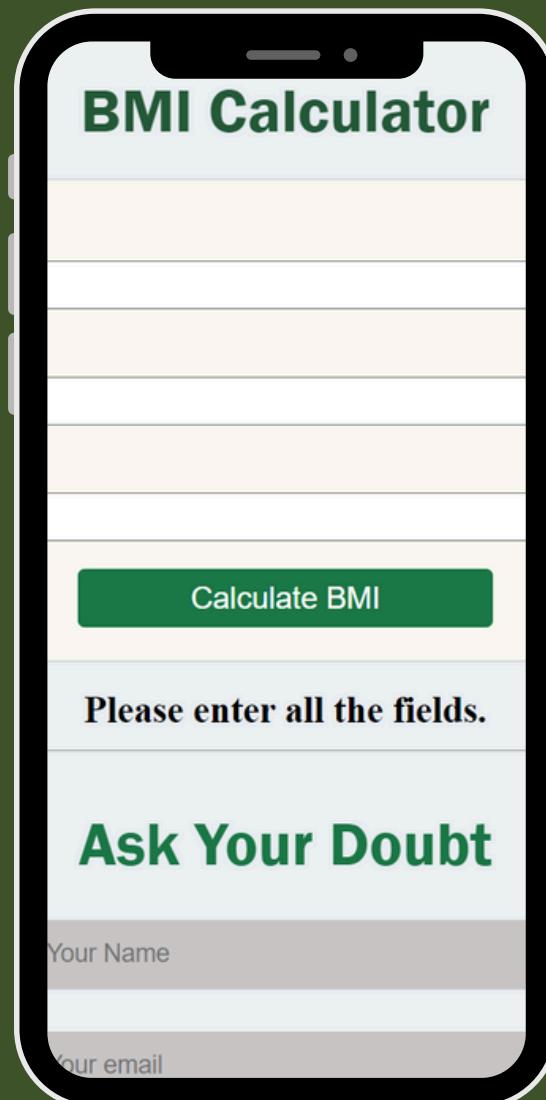

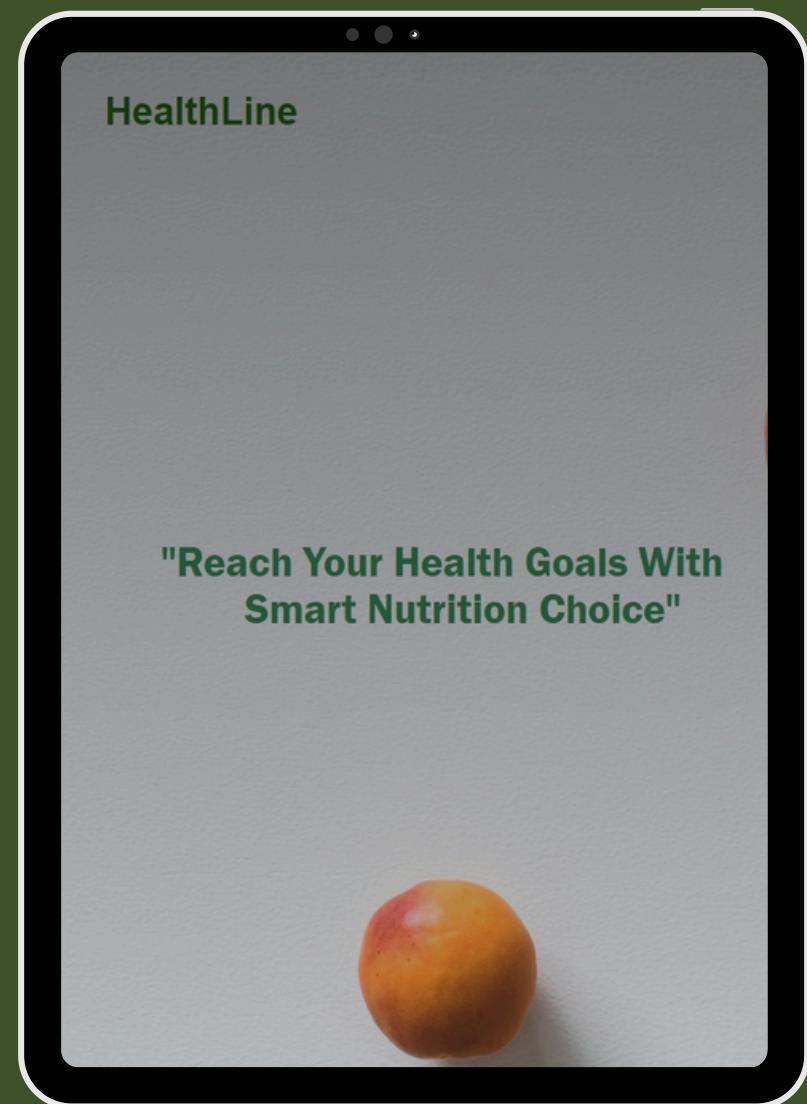

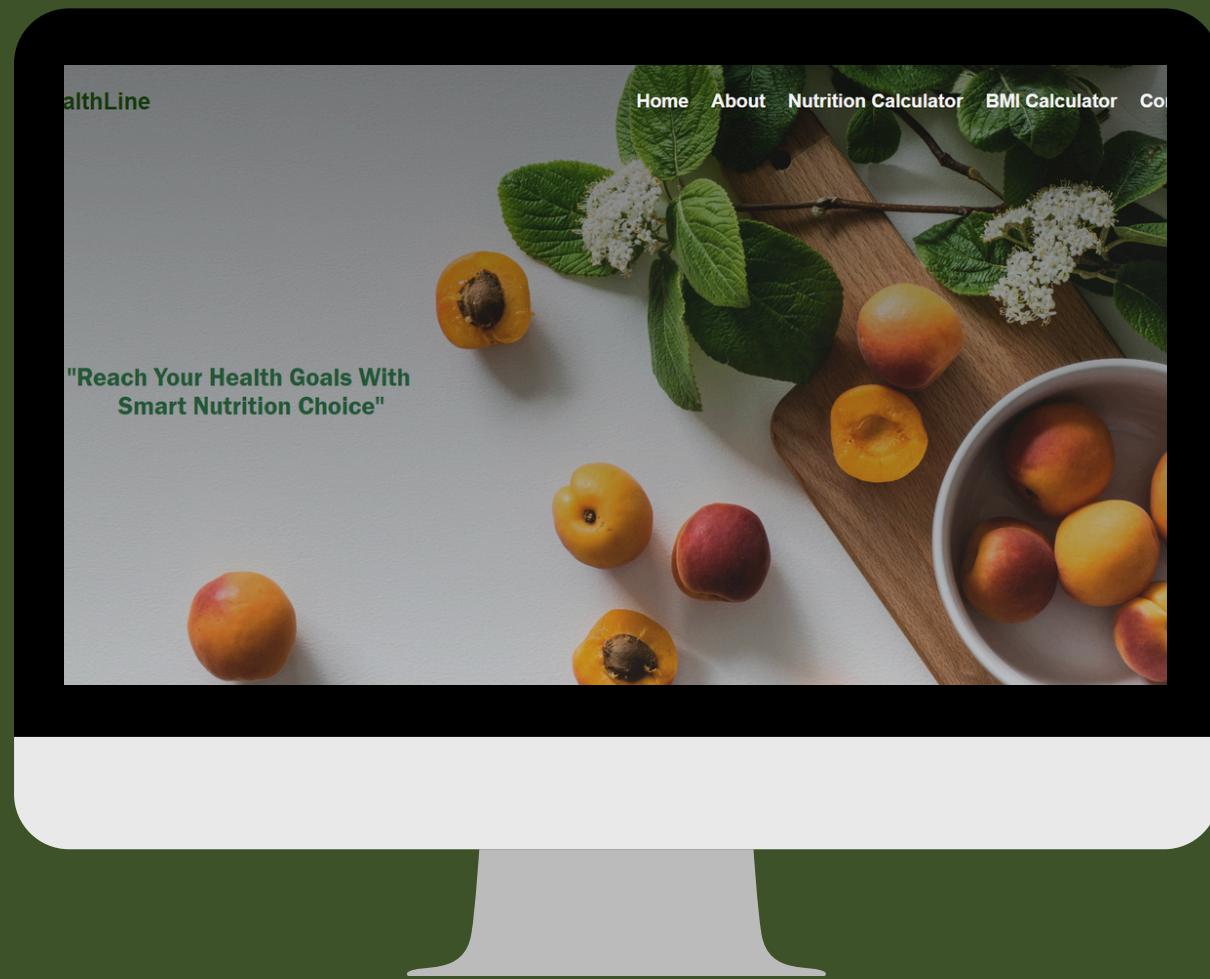

CONCLUSION

OUR IDEOLOGY

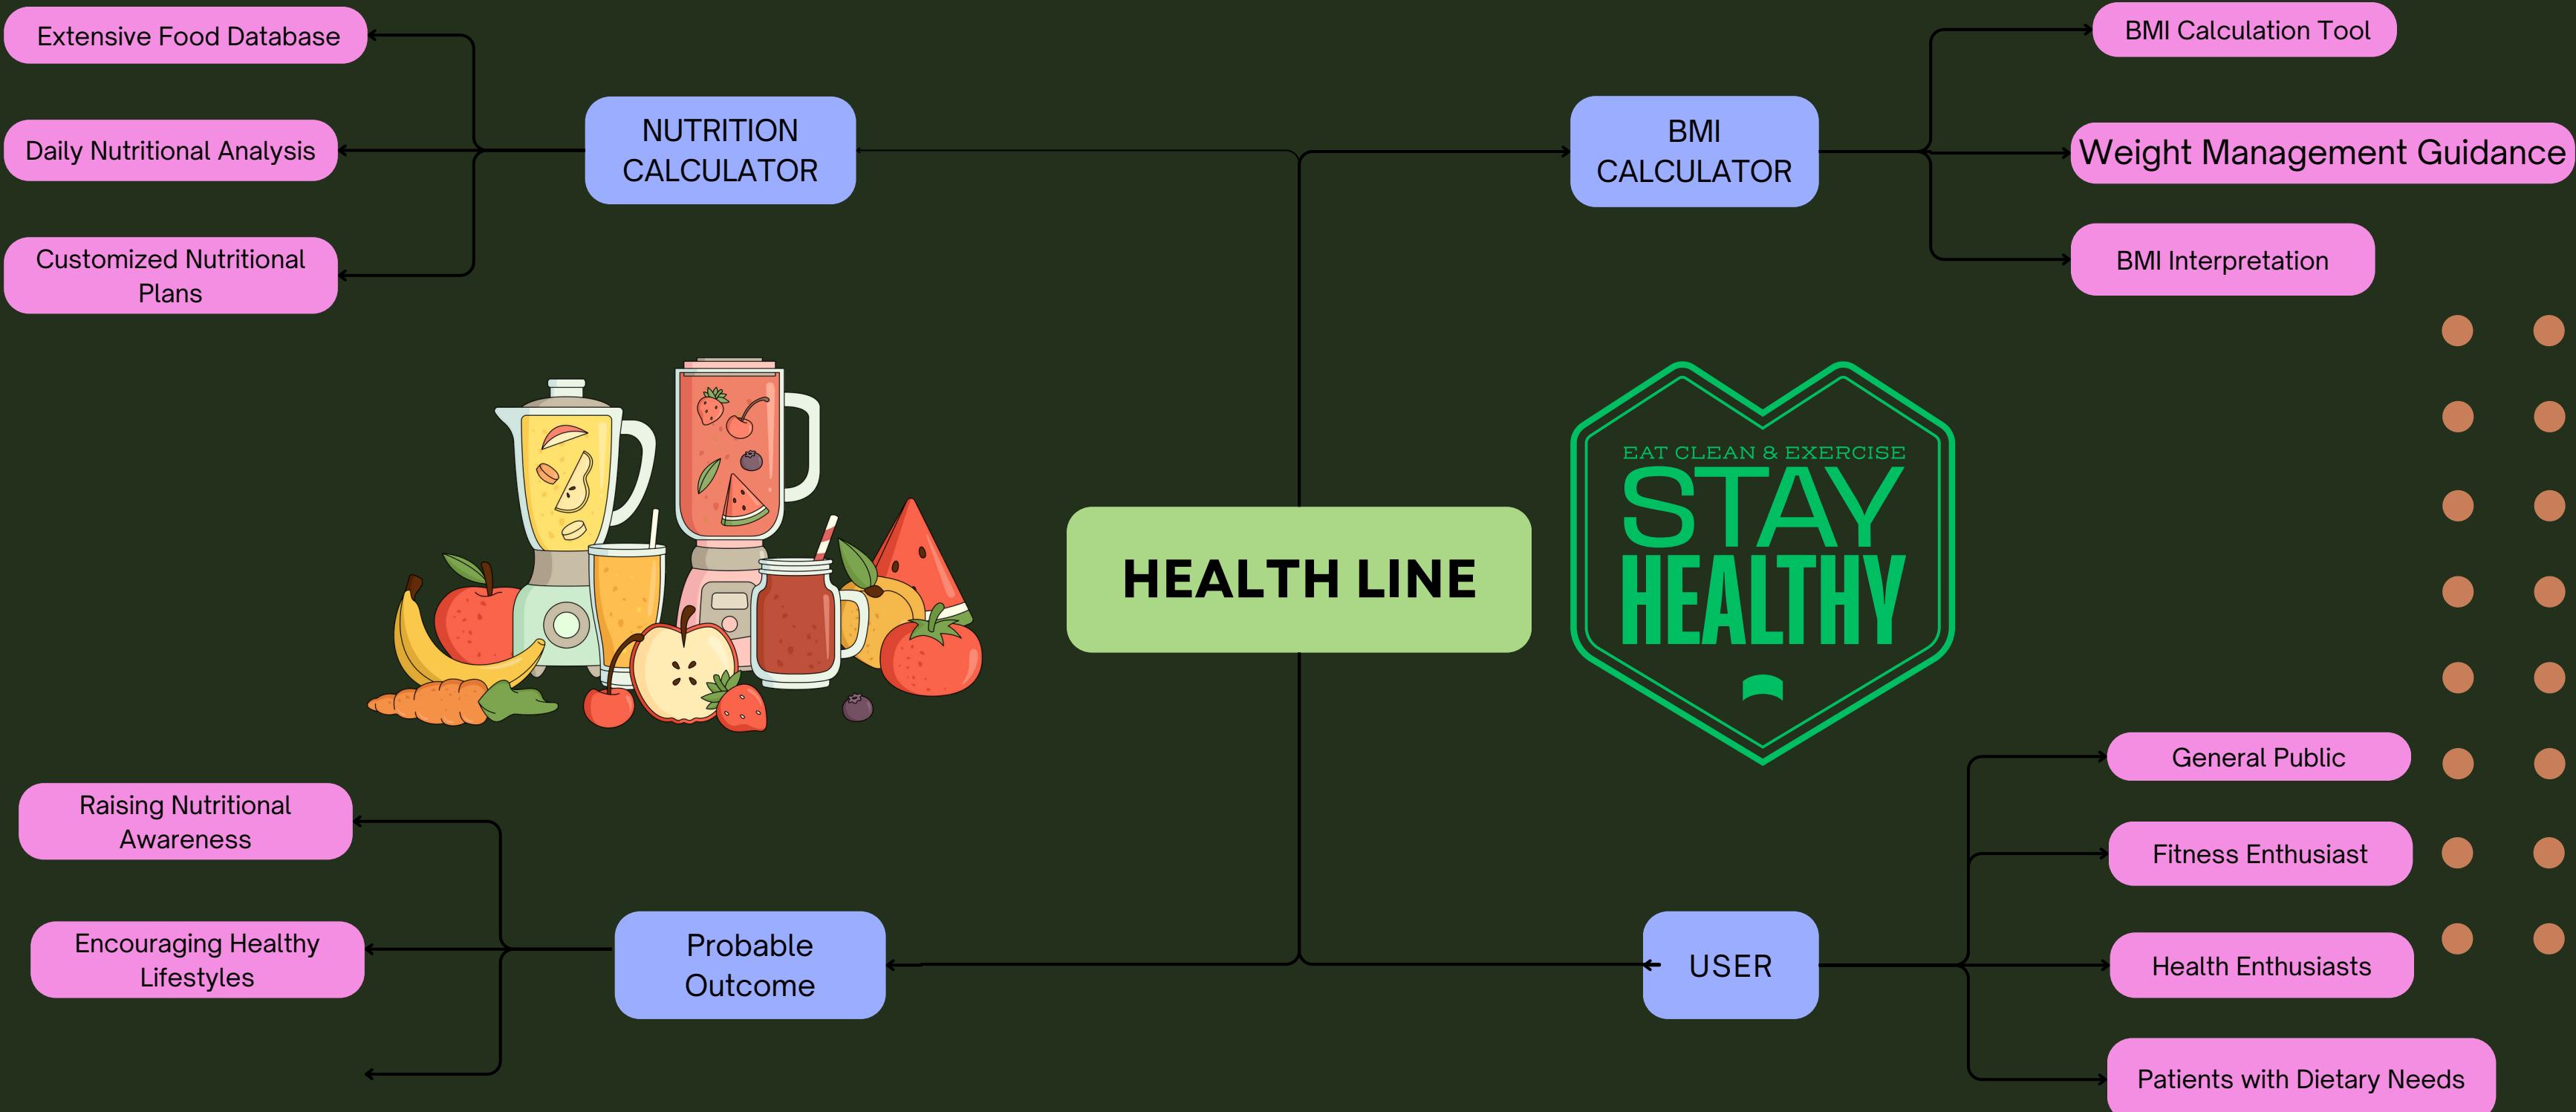

The development of nutrition and BMI calculators enhances health and wellness by offering personalized dietary and weight insights. These tools empower individuals to make informed decisions, manage their diet, and maintain a healthy weight, reducing the risk of chronic diseases and contributing to improved overall well-being.
